

BUILDING SAVINGS

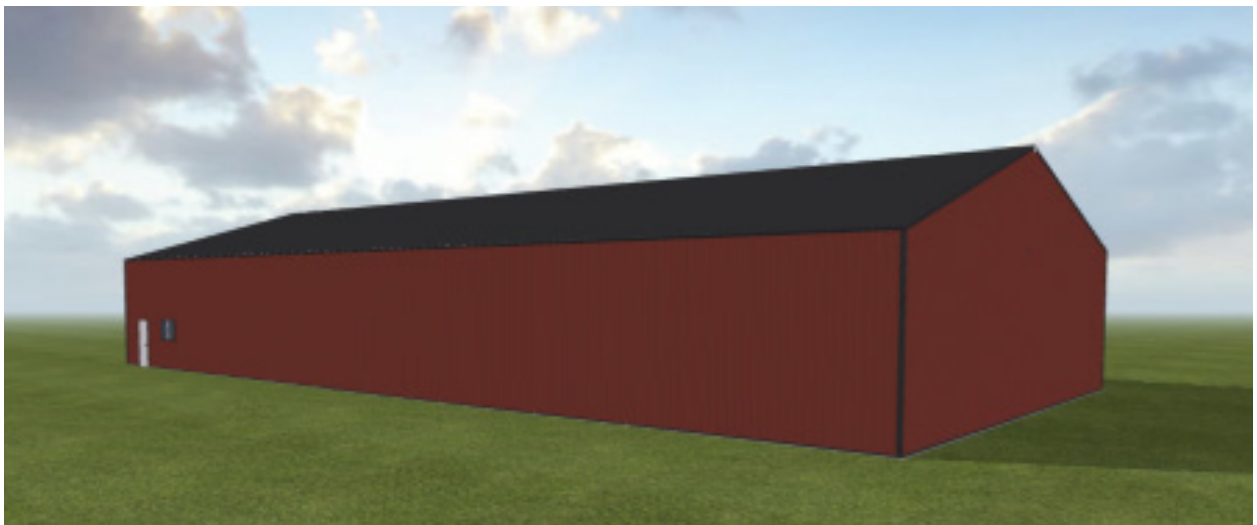

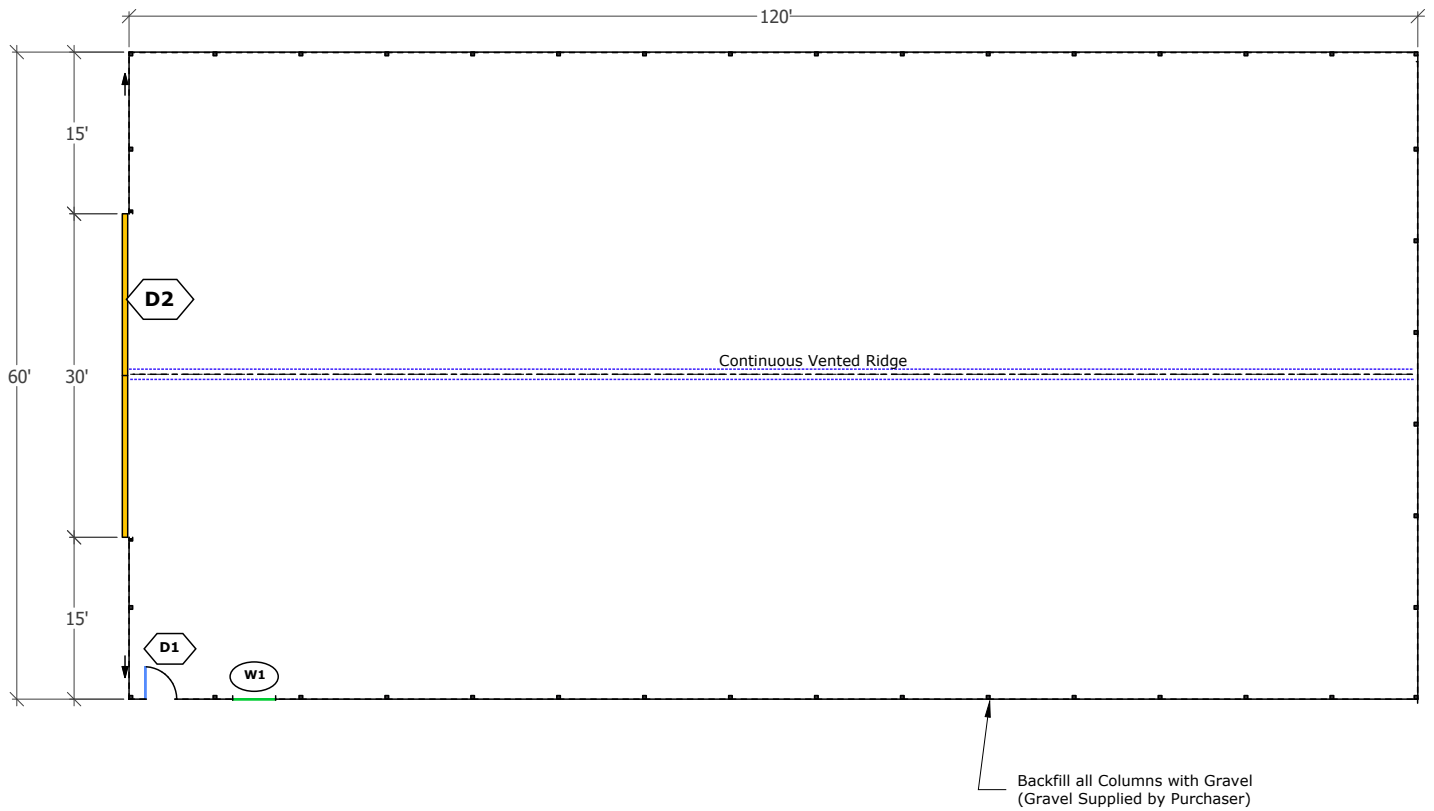

UNTIL JULY 31, 2023

60' x 120' x 16' | \$99,989

*Some features are not exact representation of Building Special

WHERE INTEGRITY MEETS INNOVATION

60' x 120' x 16' | \$99,989

LESS COST. SAME FBI VALUE.

This building special includes all the features listed below plus delivery, building materials, labor, sales tax, builders risk insurance, and trash removal. It also includes our experienced, company-employed crew. Which means you get the professionalism, quality, and work ethic necessary to do right, on time and with excellence.

STRUCTURAL INTEGRITY

Trusses Built with Machine Stress Rated (MSR) Lumber Where Engineering Requires

- Strongest on the market—each chord of your truss is mechanically tested prior to using it
- Press plate truss construction rather than roll press, which can rip the wood and create a weaker connection
- Not all wood is created equal, we choose the highest grade wood for our buildings

MSR Columns That Come With a Lifetime Warranty

Engineered with Minimum Wind Load Rating of 75 mph

Engineered with Minimum Snow Load Rating of 30 PSF

Buildings Rated for Necessary ASCE-7 Standards

Steel Siding and Roofing with Premium Steel Substrates

- 80,000 psi hard rolled steel maximizes strength and resists impact
- Galvalume is typically used for long lasting corrosion resistance

Superior Paint System - Kynar 500® paint

- Backed by a 40-year warranty, no chalking, fading, peeling or cracking

Stainless Steel Cap Screws

- Specially designed umbrella cap protects the washer to protect against rust
- Backed by a lifetime warranty against red rust
- Screw shank penetrate siding and wood to create waterproof grip that stays put

SPECIAL FEATURES INCLUDE:

(1) 30' x 16' EASYMOTION SPLIT SLIDING DOOR WITH STEP SAVER LATCH

3' x 6'-8' ALUMINUM FRAME STEEL ENTRY DOOR

3' x 4' SINGLE-HUNG DOUBLE WINDOW WITH SCREEN

CONTINUOUS VENTED RIDGE CAP

HEAVY DUTY GUTTERS & DOWNSPOUTS
